

ARKANSAS STATE HIGHWAY COMMISSION

MINUTE ORDER

District: Statewide
County: Statewide
Category: Improvement Project

Page 1 of 1 Page

WHEREAS, it has been determined that improvements are warranted to enhance safety at the 20 railroad crossings indicated on the attached list; and

WHEREAS, Federal-aid Rail-Highway Crossing Safety funds are eligible for these improvements.

NOW THEREFORE, the Director is authorized to proceed with improvements at these crossings as funds become available subject to the following conditions:

- Maintenance of the signals and surfaces shall be performed by the Railroad Company at no cost to the State.
- All required right-of-way shall be furnished at no cost to the State.

A horizontal number line representing distance in feet. It starts at 0 and ends at 1,500. There is a tick mark at 750. A solid line segment starts at 0 and ends at 750. At 750, there is a jump discontinuity: a solid line segment goes down to a lower level, and a dashed line segment goes up to the original level. From 750 to 1,500, there is a solid line segment on the lower level. The word "Feet" is written at the right end of the line.
